ABOUT ME

I am a BCA graduate and currently pursuing an MCA at Jain University. I have a solid foundation in programming and experience in building responsive, user-friendly web applications using modern frontend technologies like React and Tailwind CSS. I'm comfortable working in a team environment and committed to continuously learning and improving as a developer.

WORK EXPERIENCE

Frontend Developer (Trainee) , Tribase Solution Sep 2024 - Mar 2025

- Completed hands-on training in React.js, JavaScript, Tailwind CSS, and modern frontend development tools.
- Built responsive UI components and single-page applications (SPAs) with a strong emphasis on performance and clean architecture.
- Integrated RESTful APIs and managed component state using React hooks and state management libraries.

Projects

Netflix-Clone

- **Technology** : React.js , JavaScript, HTML, Css, Bootstrap
- Built a Netflix clone using React, JavaScript, and CSS with a responsive UI. It fetches movies from an API and lets users browse by category, like the real Netflix.

Healthcare Admin Dashboard - UI

- **Technology** : React.js , JavaScript, Tailwind css, HTML, Css, Bootstrap
 - Developed a responsive and modern admin dashboard using React, Vite, and Tailwind CSS. Includes features like appointment tracking, doctor and patient management, and a calendar view. Focused on clean UI/UX for use in clinics, hospitals, or health-tech platforms.
